

Tectyl Press VP 181

VANISHING LUBRICANT FOR METAL FORMING

| INTRODUCTION |

Tectyl Press VP 181 is a rapidly vaporizing typed fluid, and it is characterized by its excellent vaporizing ability. Tectyl Press VP 181 is formulated from high volatile, odorless solvent for base oil, it leaves no residue after operations.

Tectyl Press VP 181, formulated from synthetic base oil, gives out almost no odor and provides excellent lubricity and performance even in heavy-duty, severe working conditions.

| FEATURES |

- Almost no odor due to use of synthetic base oil
- Excellent vaporizing effect and low melting point
- Outstanding wearing protection and lubricity
- No residue after operations
- Excellent anti-corrosion

| APPLICATION |

- Applying method : drop, dipping
- Working procedure : stamping, blanking, punching
- Workpiece material : iron strip, aluminum sheet

| PHYSICAL PROPERTIES |

Appearance	Water-White
Specific gravity (15/4°C)	0.76
Viscosity (40°C, cSt)	1.4
Flashing point (°C)	51
Corrosion Test	1a

- All data given in this Product Data Sheet are typical of this Product. It does not however constitute a specification. And, We reserve the right to modify products without prior notice.

| PACKAGING & SAFETY |

- Tank/Lorry, Tote, Drum(200LT), Pail(20LT)
- For your Safety, Refer to the Material Safety Data Sheet,
